

Yue's Letter to Judge March 24, 2016 (After March 16th Yue's 62 pages long THE DISQUALIFICATION OF JUDGE; After March 22nd the Judge's ORDER Stinking the DISQUALIFICATION OF JUDGE)

Mr. Yang purposefully made the Japanese and Judge Chen issues of this case. Many people watching this case find Yang's tactics despicable and some believe that his "cunning" may have worked.

The basis for a judge's disqualification is not actual bias/impartiality but the appearance of it. A judge's ruling on the merits of a motion for the judge's own disqualification is in contravention of the Code of Civil Procedure section 170.3(c)(5) (Ann. Rept. (1998), Advisory Letter 5, p.27.) With the CCP §170.3(c) verified statement stricken, Plaintiff's only recourse is to seek a writ of mandate within 10 days. This would incur unnecessary costs for the parties and consume precious judicial resources. The case is still in the service of process stage; there

have been no substantive rulings yet. Reassigning the case to another judge "will promote the efficient administration of justice," California Rule of Court 3.734, and Mr. Yang will find little incentive to continue most of his inflammatory statements in court and online, which tend to injure the dignity of the Court.

For the foregoing reasons, I respectfully request that Your Honor consider having the case reassigned to another judge. CCP §170.3(c)(2).

Respectfully,
